

VM1000 & VM2000 Video Adapter with Mini DisplayPort to VGA or HDMI

Mirror Your Laptop Screen in HD

When you need to put what's on your laptop screen on a monitor or a projector, there's no easier way than with the VM Series Adapters.

Mini DisplayPort™ Connection

Simply use the Mini DisplayPort™ connection found on your laptop or tablet and plug the other end of the adapter to the video cable of your monitor, TV or projector

HD Resolution

Supports 1920 x 1200 so you get clear, high definition picture quality when you're projecting to a monitor

Plug & Play Installation

Simply plug in the adapter and everything takes care of itself with the driver automatically downloading and installing

Compatible with Windows® 7, 8, 8.1, 10 and Mac® OS X 10.9 and above

Contact your local Key Account Manager for more information
